

AMENDED
APPLICATION FOR PERMIT

Serial No. 4984

TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF NEVADA

Date of first receipt and filing in State Engineer's office MAR 30 1918
Returned to applicant for correction APR 2 1918
Corrected application filed APR 17 1918

The undersigned P.A.SIMON and F.J.SIEBERT
Name of applicant.
of MINA, County of MINERAL,
State of Nevada, hereby make application for
permission to appropriate the public waters of the State of Nevada,
as hereinafter stated. (If applicant is a corporation give date and
place of incorporation.)

1. The source of the proposed appropriation is DOUGLAS SPRING
Name of stream, lake, or other source.
2. The amount of water applied for is TWO (2) second-feet.
One second-foot equals 40 miners' inches.
3. The water to be used for mining, milling and domestic purposes.
Irrigation, power, mining, manufacturing, domestic, or other use.
4. The water is to be diverted from its source at the following
point: At some point in canyon above Douglas spring which must be deter-
Describe as being within a 40-acre subdivision of public survey, or by course and distance to a section corner. If on unsurveyed land it should be so stated.
mined upon by development. This canyon runs in a direction S. 56 deg. W.
from Douglas spring and all water in this canyon is applied for under
this permit. Douglas spring is S. 37 deg. 41' W. -- 24248 feet from N.W.
Cor. Sec. 6, T. 8 N.R. 38 E. M.D.B.M. on unsurveyed government land.

IF THE WATER IS TO BE USED FOR IRRIGATION, SUPPLY THE FOLLOWING INFORMATION:

- (a) Number of acres to be irrigated is _____
- (b) Description of land to be irrigated _____
Describe by legal subdivision, or if on unsurveyed land it

should be so stated and a description provided in accordance with special instruction from the State Engineer when application is returned for correction.

- (c) Irrigation will begin about _____ and end about _____
Month.
_____, of each year.
Month.

IF WATER IS TO BE USED FOR POWER, MINING, TRANSPORTATION, OR OTHER USE, SUPPLY THE
FOLLOWING INFORMATION:

- (d) Power to be developed is _____ horsepower.
- (e) Works to be located At Simons Lead Mine S. 62 deg. 44' W. -- 35443 feet
Give 40-acre subdivision on which works will be located, or locate by course and distance to a section corner.
from above mentioned section corner, and at Olympic Mines Company Mill
located N. 34 deg. 40' 21" W. -- 39733 feet from above mentioned section
corner. Both works being located on unsurveyed government land.
- (f) Point of return of water to stream Not returned.
Describe in same manner as point of diversion.

- (g) Remarks This water is urgently needed to supply mines and mills
now in operation.

DESCRIPTION OF PROPOSED WORKS

Diversion dam, pumping plant and pipe line to Wild Rose spring and State manner in which water is to be diverted, whether by dam or other works, whether through pipes, ditches, flumes, or other conduits. If water from there to above mentioned works by a pipe line already in existence (See Permit #3585)

5. Estimated cost of works \$15,000.00
6. Estimated time required to construct works 3 years.
7. Remarks Probably will be put in this year.

For use of applicant.

PROTESTED by V.C.Rackliff, May 17th, 1918.

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to any prior vested rights there may be on the source including a possible right for domestic purposes only that may be granted under application No. 4982 if a permit fee is paid therefor. The State reserves the right to regulate the use of the water herein granted at any and all times. It is distinctly understood that the applicant agrees to the terms herein contained.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed One (1) cubic foot per second.

Actual construction work shall begin on or before September 1, 1918.

Proof of commencement of work shall be filed before October 1, 1918.

Work must be prosecuted with reasonable diligence and be completed on or before September 1, 1920.

Proof of completion of work shall be filed before October 1, 1920.

Application of water to beneficial use shall be made on or before November 1, 1920. Proof of the application of water to beneficial use must be filed with State Engineer on or before December 1, 1920.

Proof of labor filed SEP 24 1918

Also filed APR - 3 1919

WITNESS MY HAND AND SEAL this 1st day
of August, 1918

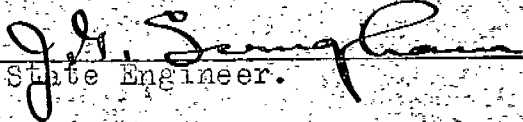

Seymour Case
State Engineer

No. 4984

This is to certify that the approval of application No. 4984 is hereby revoked in accordance with the Judgment of Decree of the Seventh Judicial District Court dated March 10, 1920, in the case of V. C. Rackliff, Plaintiff, vs Seymour Case as State Engineer, et al, Defendants.

It is hereby ordered that said application No. 4984 be restored to its former status and that action on same be withheld pending outcome of application No. 4982.

WITNESS MY HAND AND SEAL this 22nd day of March, 1920

State Engineer.

_____, Engineer.
PROTESTED by V. C. Rackliff, May 12th, 1918.

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit is issued subject to all prior rights on the source. It is understood that the 1.0 cubic foot of water per second herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the amount of water actually placed to a beneficial use. A suitable measuring device must be installed and accurate measurements of the water placed to a beneficial use must be included in the proof of beneficial use when filed. The State reserves the right to regulate the use of the water herein granted at any and all times. It is distinctly understood that applicant agrees to the terms herein contained.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed One (1) cubic foot per second.

Actual construction work shall begin on or before November 25, 1925

Proof of commencement of work shall be filed before December 25, 1925

Work must be prosecuted with reasonable diligence and be completed on or before November 25, 1926

Proof of completion of work shall be filed before December 25, 1926

Application of water to beneficial use shall be made on or before

November 25, 1927. Proof of the application of water to beneficial

use must be filed with State Engineer on or before December 25, 1927

Map filed Apr. 3 1919.

WITNESS MY HAND AND SEAL this 25th day
of August, 1925.

F. J. Siebert
State Engineer.
